NEW FROM BLOOMSBURY JANUARY 7, 2027

“An essential read for our times.”

—Steve Magness, author of *Do Hard Things*

“Jennifer Steele is a master storyteller.”

– Kathryn Parker Boudett, author of *Data Wise*

Most self-help … doesn’t.

Use the tools of science to make great decisions.

GAIN SCIENCE-BASED INSIGHTS ON:

- Handling conflicting medical advice
- Learning hard things
- Choosing the right college & career
- Finding healthy love
- Saving for the future
- Managing messy emotions

Jennifer Steele steele@american.edu

Professor of Education at American University

Expert in empirical thinking, careers in the AI age, dual-language education, AI in the classroom
